14th CONFERENCE OF THE ASSOCIATION FOR LINGUISTIC TYPOLOGY
University of Texas at Austin, 15-17 December 2022

PROGRAM

All times are Central Standard Time

Thursday, December 15

8:00-9:00 **Registration** (Location: RLP 1.302C)
9:00-9:30 **Opening** (Location: RLP 0.126)

9:30-10:30 **Plenary:** Stephanie **Evers** – Winner of the Greenberg Award (Oregon Department of Education)
Cross-Linguistic Correlations Between Existing Morphosyntax and the Emergence of Definite Articles (Location: RLP 0.126)

Session 1 (Location: RLP 1.302E)

Chair: John Beavers

10:30-11:00 Gilles **Authier** (EPHE, PSL), Gasangusen **Sulaibanov** (EPHE, PSL) and Andrea **Sansò** (Università dell'Insubria, Como)
Combining aspectual, nominal, discursive and syntactic conditions: A reassessment of the Dargi 'antipassive' vs. ergative valency alternation **[VIRTUAL]**

11:00-11:30 Coffee Break

11:30-12:00 Laurits Stapput **Knudsen** and Bill **Palmer** (University of Newcastle)
The structural status of expressions of spatial frames of reference **[VIRTUAL]**

12:00-12:30 Karolin **Obert** and Kristina **Balykova** (UT Austin)
Differential place marking in the Upper Rio Negro region

12:30-13:00 Yo **Matsumoto** (NINJAL), **Badema** (University of Inner Mongolia), Anna **Bordilovskaya** (University of Tokyo), Kiyoko **Eguchi** (Osaka University), Miho **Mano** (Osaka University), Naonori **Nagaya** (University of Tokyo) and Kyosuke **Yamamoto** (Tokyo University of Foreign Studies)
Types of caused motion events and the patterns of their linguistic representations

13:00-15:00 **Lunch and Poster Session** (Location: RLP Hallway at Glickman Center)

Chair: Karol Obert

15:00-15:30 Yo **Matsumoto** (NINJAL), Masayuki **Ishizuka** (University of Tokyo) and Monica **Kahumburu** (University of Warsaw)
Manner and deixis contingency of path coding: Evidence from French Basque and Mombasa Swahili

15:30-16:00 Bill **Palmer** (University of Newcastle), Dorothea **Hoffmann** (The Language Conservancy) and Alice **Gaby** (Monash University)
Directional terms in Australian languages: A survey

16:00-16:30 Coffee Break

Chair: Jeff Good

16:30-17:00 Amanda **Kann**, Ljuba **Veselinova** and Robert **Östling** (Stockholm University)
Cross-linguistic properties of hyperbolic numeral and quasi-numeral expressions **[VIRTUAL]**

17:00-17:30 Wolfgang **Barth** (Australian National University), Sam **Passmore** (Australian National University), Simon **Greenhill** (Max Planck Institute for the Science of Human History), Fiona **Jordan** (University of Bristol), Nicholas **Evans** (Australian National University) and Kyla **Quinn** (Australian National University)
Variation in kinship terminology networks

17:30-18:00 Maria **Bardají i Farré** (Universität zu Köln), Semra **Kizilkaya** (Universität zu Köln), Sonja **Riesberg** (CNRS-LaCiTO, Universität zu Köln) and Nikolaus P. **Himmelmann** (Universität zu Köln)
Some natural forces are animate agents

Session 2 (Location: RLP 0.126)

Chair: John Mansfield

10:30-11:00 Yingqi **Jing** (Uppsala University), Miina **Norvik** (University of Tartu), Outi **Vesakoski** (University of Turku), and Michael **Dunn** (Uppsala University)
Phylogenetic multilevel models reveal a simplicity bias in Uralic

11:00-11:30 Coffee Break

11:30-12:00 Francesco **Gardani** and Chiara **Zanini** (University of Zurich)
Cognition drives the loan: A typological study of the subitizing effect

12:00-12:30 Ricardo **Napoleão de Souza,** Francesca **Di Garbo**, Kaius **Sinnemäki**, Eri **Kashima,** Noora **Ahola**, Anu **Hyvönen** and Oona **Raatikainen** (University of Helsinki)
Typologizing contact effects on a global scale

12:30-13:00 Nour **Efrat-Kowalsky,** Balthasar **Bickel** and Paul **Widmer** (University of Zurich)
Oldest attested languages in the Near East reveal deep transformations in linguistic landscapes

13:00-15:00 **Lunch and Poster Session**

Chair: Pattie Epps

15:00-15:30 Matías **Guzmán Naranjo** and Gerhard **Jäger** (University of Tübingen)
Euclide, the crow, the wolf and the pedestrian: distance methods for spatial typology
[VIRTUAL]

15:30-16:00 Roberto **Zariquiey** (PUCP), Javier **Vera** (PUCV), Mariana **Poblete** (Universidad de Chile), and Jaime **Montoya** (PUCP) **[VIRTUAL]**
Experimental explorations on the typology of Amazonian languages

16:00-16:30 Coffee Break

Chair: Raina Heaton

16:30-17:00 Johanna **Nichols** (UC Berkeley), Heini **Arjava** (University of Helsinki), Jyri **Lehtinen** (University of Helsinki) and Riho **Grünthal** (University of Helsinki)
Elementary coding of causal-noncausal pairs reveals Uralic areal connections

17:00-17:30 Olga **Krasnoukhova** (Leiden University), Sietze **Norder** (Leiden University), Rik **van Gijn** (Leiden University) and Johan **van der Auwera** (University of Antwerp)
Towards explaining the areal patterns of negation marking in South American languages

17:30-18:00 Jessica **Kantarovich** (University of Chicago)
Predicting change in language shift: Implicational hierarchies and voice morphology in Modern Chukchi

Session 3 (Location: RLP 0.102)

Chair: Ljuba Veselinova

10:30-11:00 Anna **Sjöberg** (Stockholm University)
Toward a semantic map of knowing

11:00-11:30 Coffee Break

11:30-12:00 Naonori **Nagaya** (The University of Tokyo)
Ditransitive alternations in the Tagalog symmetrical voice system

12:00-12:30 Sofiya **Ros** and Giada **Palmieri** (Utrecht University)
Reciprocal marking in Wolof

12:30-13:00 Zachary **O'Hagan** (UC Berkeley)
Interactions of causative and antipassive in Caquinte

13:00-15:00 **Lunch and Poster Session**

Chair: Frank Seifart

15:00-15:30 William **Foley** (Columbia University)
Ditransitive verbs in two direct-inverse languages

15:30-16:00 Joshua **Birchall** (University of New Mexico) and Hein **van der Voort** (Museu Paraense Emílio Goeldi)
The five-way indexical split in Aikanã intransitive predicates

16:00-16:30 Coffee Break

Chair: Matti Miestamo

16:30-17:00 Francesca **Masini** and Simone **Mattiola** (University of Bologna)
Duplication, triplication and beyond: a cross-linguistic investigation

17:00-17:30 Marina **Chumakina**, Steven **Kaye** and Oliver **Bond** (University of Surrey)
Agreeing adpositions

17:30-18:00 Annemarie **Verkerk** (Universität des Saarlandes), Olena **Shcherbakova** (DLCE, MPI-SHH), Hannah J. **Haynie** (University of Colorado Boulder), Hedvig **Skirgård** (DLCE, MPI-EVA), Simon **Greenhill** (DLCE, MPI-SHH) and Russell **Gray** (DLCE, MPI-EVA)
A global phylogenetic test of over 150 putative typological universals

Session 4 (Location: RLP 0.112)

Chair: Rebecca Paterson

10:30-11:00 Jesus **Olguin Martinez** (University of California, Santa Barbara)
Until-clauses in typological perspective: Morphosyntax, semantics, and areality

11:00-11:30 Coffee Break

11:30-12:00 Denys **Teptiuk** (University of Tartu)
Expression of reason/purpose via reported discourse in Finno-Ugric and beyond

12:00-12:30 Oliver **Bond,** Steven **Kaye** and Marina **Chumakina** (University of Surrey)
Alignment splits in adverbial agreement

12:30-13:00 Dana **Louagie** (U Liège; FNRS; KU Leuven) and Ellison **Luk** (KU Leuven)
Australian relative clauses revisited: A new sample study

13:00-15:00 **Lunch and Poster Session**

Chair: Danielle Barth

15:00-15:30 Tom **Bossuyt** (Ghent University)
Conditional and interrogative marking in concessive conditionals

15:30-16:00 Maria **Bardají i Farré** (Universität zu Köln)
Nominalization beyond the argument function: Totoli nominalization as a device for marking not-at-issue content

16:00-16:30 Coffee Break

Chair: Pegah Faghiri

16:30-17:00 Kaoru **Horie** (Nagoya University), Jaehyun **Lee** (Nagoya University), Bing **Zhu** (Kyushu University) and Luiza **Kloyan** (Nagoya University)
A typology of grammar-pragmatics interface: Relational noun modifying clause constructions in Japanese, Korean, Mandarin Chinese, and Armenian **[VIRTUAL]**

17:00-17:30 Tihomir **Rangelov** (Max Planck Institute for Evolutionary Anthropology)
The morphological marking of sequentiality in Austronesian languages

17:30-18:00 So **Miyagawa** (NINJAL)
Grammaticalization from relative constructions to nominalizer affixes: A case study of Egyptian-Coptic

Session 5 (Location: RLP 1.302B)

Chair: Marc Pierce

10:30-11:00 Guglielmo **Inglese** (University of Turin)
Cross-linguistic sources of anticausativization markers **[VIRTUAL]**

11:00-11:30 Coffee Break

Chair: Austin German

11:30-12:00 Andreas **Hölzl** (University of Potsdam)

A typological profile of Longjia, an archaic Sinitic language **[VIRTUAL]**

12:00-12:30 John **Peterson** (Kiel University)
'I can't say "no" to you' – On the origin of zero negation in Dravidian **[VIRTUAL]**

12:30-13:00 Marius **Zemp** (University of Bern)
Equipollent evidentiality, and reversing the burden of proof regarding formally unmarked verb forms **[VIRTUAL]**

13:00-15:00 **Lunch and In-Person Poster Session**

Chair: Sandra Auderset

15:00-15:30 Yingqi **Jing**, Joakim **Nivre** and Michael **Dunn** (Uppsala University)
Phylogenetic evidence against dependency locality in Indo-European **[VIRTUAL]**

15:30-16:00 Ivan **Kapitonov** (Universität zu Köln) and Margit **Bowler** (University of Manchester)
Disanaphoric partitives across languages **[VIRTUAL]**

16:00-16:30 Coffee Break

Chair: Anja Arnhold

16:30-17:00 Matthew S. **Dryer** (University at Buffalo)
On the word order properties of universal quantifiers

17:00-17:30 Xiaolong **Lu** (University of Arizona)
Quantifying word orders in Mandarin Chinese: A prototypical-typological perspective

17:30-18:00 Suki **Yiu** (University of Amsterdam) and Stephen **Matthews** (University of Hong Kong)
Is there a relationship between tonality and word order type?

Friday, December 16

8:30-9:00 **Registration** (Location: RLP 1.302C)

8:00-9:00 **Virtual social hour in GatherTown** (social platform is open throughout the conference)

12:30-14:00 **Lunch and Virtual Poster Session**

Session 1 **Workshop: Failed Expectations and Thwarted Intentions: Avertivity and frustrativity in crosslinguistic perspective**
(Location: RLP 1.302E)

Convenors and chairs: Patrick Caudal, David Felipe Guerrero Beltran, Marie Legentil, Simon Overall, Beatrice Pahontu, & Katarzyna Wojtylak

9:00-9:30 Patrick **Caudal** (Laboratoire de Linguistique Formelle - CNRS) and Beatrice-Andreea **Pahontu** (Université de Paris-Cité)
On the development of Romance vs. Australian avertives: Modal bases and aspectual meanings

9:30-10:00 Paul **Kroeger** (Dallas Intl. Univ. & SIL Intl.)
Frustratives in St'át'imcets vs. Kimaragang: exploring a unified analysis

10:00-10:30 Andrés Pablo **Salanova** (University of Ottawa) and Javier **Carol** (CONICET)
Frustratives and aspect

10:30-11:00 Coffee Break

11:00-11:30 Beatrice-Andreea **Pahontu** (Université Paris Cité & University of Bucharest)
An experimental investigation of avertivity in Romanian **[VIRTUAL]**

11:30-12:00 Katarzyna **Wojtylak** (University of Warsaw)
Witototan frustrativity in areal perspective of Northwest Amazonia **[VIRTUAL]**

12:00-12:30 Marie **Legentil** (Laboratoire de Linguistique Formelle, Université Paris Cité) and David Felipe **Guerrero-Beltran** (Université Paris Cité / University of Melbourne)
Avertive constructions in Gurr-goni and Gu-jingaliya

12:30-14:00 Lunch & Virtual Poster Session

14:00-14:30 Rita **Eloranta** (Hanken School of Economics)
Frustative constructions in Finnish

14:30-15:00 Simon **Overall** (University of Otago)
What is and what isn't a frustrative? Defining and applying a comparative concept **[VIRTUAL]**

15:00-15:30 Discussion

15:30-16:00 Coffee Break

General Session talks:

Chair: So Miyagawa

16:00-16:30 Borja **Herce**, Anna **Graff** and Balthasar **Bickel** (University of Zurich)

More morphology but simpler: Evolutionary effects of language contact in Bantu **[VIRTUAL]**

16:30-17:00 Daniel **Ross** (University of California, Riverside) and Joseph **Lovestrand** (SOAS University of London)
Interaction of morphosyntactic typology, iconicity and semantics in the grammaticalization of motion multi-verb constructions **[VIRTUAL]**

17:00-17:30 Carlos **Silva** (Centre of Linguistics, University of Porto) and Steven **Moran** (Institute of Biology, University of Neuchatel)
Measuring consonant stability in Portuguese-based creoles **[VIRTUAL]**

Session 2 Workshop: Situating Constituency Within Typological Research

(Location: RLP 0.126)

Convenors and chairs: Jeff Good and Adam Tallman

9:00-9:30 *Introduction*

9:30-10:00 Jeff **Good** (University at Buffalo) and Adam **Tallman** (Friedrich Schiller Universität)
Typologizing constituent structure

10:00-10:30 Florian **Matter** and Spike **Gildea** (University of Oregon)
Apparent discontinuous NPs in the Cariban family from the perspective of diachronic typology

10:30-11:00 Coffee Break

11:00-11:30 Pilar **Valenzuela** (Chapman University), Roberto **Zariquiey** (PUCP) and Candy **Angulo** (PUCP)
Junu=muran=jo=h=nu (river=LOCATIVE=PAST:3=EPENTHETIC=DECLARATIVE) '(s)he drowned' and other wordhood challenges in Amahuaca (pano, Peru)

11:30-12:00 Nikolaus **Himmelmann** (Universität zu Köln)
Evidence for morphosyntactic constituency from prosodic phrasing?

12:00-12:30 Anja **Arnhold** (University of Alberta)
Phrasing and constituents in prosodic typology

12:30-14:00 Lunch & Virtual Poster Session

14:00-14:30 Stephen **Wechsler** (UT Austin)
Frequency-based typological variation in constituency

14:30-15:00 John **Mansfield** (University of Melbourne)
Inter-predictability and constituent structure

15:00-15:30 William **Croft** (University of New Mexico) and Tim **Zingler** (University of Innsbruck)
A radical constructional approach to constituency and wordhood

15:30-16:00 Coffee Break

16:00-16:30 Rebecca **Paterson** (Western Oregon University and SIL International)
Categorization and constituency across Niger-Congo

16:30-17:00 Kristine **Hildebrandt** (SIU Edwardsville)
Phonological constituency: Lessons from the AUTOTYP Word Domains Project

17:00-17:30 Discussion

Session 3 Workshop: Fillers and Placeholders

(Location: RLP 0.102)

Convenors and chairs: Françoise Rose and Brigitte Packendorf

9:00-9:30 Olga **Kazakevich** (Institute of Linguistics, Russian Academy of Sciences)
Placeholders and other fillers in Northern Selkup **[VIRTUAL]**

9:30-10:00 Elena **Klyachko** (HSE)
Placeholders versus general extenders in Tungusic languages **[VIRTUAL]**

10:00-10:30 Brigitte **Pakendorf** (CNRS)
Looking for the right word: A corpus-based investigation of placeholders in Negidal

10:30-11:00 Coffee Break

11:00-11:30 Albert **Ventayol-Boada** (UC Santa Barbara)
Unravelling the distinct functions of l'ə (льэ) in Kolyma Yukaghir

11:30-12:00 Dolgor **Guntsetseg** (University of Munich)
Placeholders in Khalkha-Mongolian

12:00-12:30 Yi-Yang **Cheng** (UC Santa Barbara)
Prosodic (in)dependence and discourse functions: On the indeterminate morphosyntactic analysis of clause linkers in Matu'uwal, an Austronesian language of Taiwan

12:30-14:00 Lunch & Virtual Poster Session

14:00-14:30 Maïa **Ponsonnet** (CNRS)

Placeholders in a polysynthetic language (Dalabon, Gunwinyguan, non-Pama-Nyungan, Australia) **[VIRTUAL]**

14:30-15:00 Marianne **Mithun** (UC Santa Barbara)
Placeholders on the move

15:00-15:30 Françoise **Rose** (CNRS)
One more thing 'thing' can do in Tupi-Guarani languages: 'Thing' as a filler in Teko

15:30-16:00 Coffee Break

16:00-16:30 Alexander **Rice** (University of Alberta)
Mashti: A multipurpose filler in Northern Pastaza Kichwa

16:30-17:30 Discussion

Session 4 Workshop: Spoken- and Signed-language Corpus Studies in Linguistic Typology

(Location: RLP 0.112)

Convenors and chairs: Danielle Barth, Ludger Paschen, François Pellegrino, Matthew Stave, Stefan Schnell & Frank Seifart

9:00-9:30 Stefan **Schnell** (University of Zurich), Nils **Schiborr** (Universität Bamberg) and Geoffrey **Haig** (Universität Bamberg)
The role of grammatical relations in co-reference production across diverse languages **[VIRTUAL]**

9:30-10:00 Olivier **Rüst** (University of Zurich, Department of Comparative Language Science), Marco **Baroni** (Universitat Pompeu Fabra) and Sabine **Stoll** (University of Zurich, Department of Comparative Language Science)
The acquisition of case systems in typologically diverse languages: Children gradually generalize abstract grammatical knowledge **[VIRTUAL]**

10:00-10:30 Yukinori **Kimoto** (University of Hyogo) and Asako **Shiohara** (Tokyo University of Foreign Studies)
Framing a proposition in language use: A corpus-based typology of complement clauses and their alternatives **[VIRTUAL]**

10:30-11:00 Coffee Break

11:00-11:30 Bradley **McDonnell** (University of Hawai'i at Mānoa), **Yanti** (Atma Jaya Catholic University of Indonesia), Blaine **Billings** (University of Hawai'i at Mānoa) and Jacob **Hakim** (University of Hawai'i at Mānoa)
Constructing a multilingual corpus of everyday conversations

11:30-12:00 Frank **Seifart** (Leibniz-ZAS)
Patterns of local speech rate variation as a motivation for typological asymmetries: Findings from a 36-language sample

12:00-12:30 Naomi **Peck** and Laura **Becker** (University of Freiburg)
Towards typologising silent pauses

12:30-14:00 Lunch & Virtual Poster Session

14:00-14:30 Frederic **Blum** (Max Planck Institute for Evolutionary Anthropology) and Ludger **Paschen** (Leibniz-ZAS)
A cross-linguistic perspective on boundary-adjacent shortening and lengthening

14:30-15:00 Izabela **Jordanoska** (CNRS-LACITO), Ekaterina **Aplonova** (CNRS-LACITO), Guillaume **Guitang** (Université Libre de Bruxelles), Olga **Kuznetsova** (ILS RAS) and Songfolo Lacina **Silue** (INALCO)
Saying without 'say': A corpus-based approach to the typology of non-canonical speech reports

15:00-15:30 Danielle **Barth** and Kira **Davey** (Australian National University)
Reference in Matukar Panau: Exploring interaction, context and gesture

15:30-16:00 Coffee Break

16:00-16:30 Anna **Kuder** (University of Cologne)
How sign language corpora challenge existing typologies: A case study of negation in Polish Sign Language (PJM)

16:30-17:00 Matthew **Stave** (Dynamique du Langage), Christophe **Coupé** (University of Hong Kong), François **Delafontaine** (University of Neuchâtel) and François **Pellegrino** (Dynamique du Langage): *How comparable are languages across linguistic corpora? Some methodological thoughts*

17:00-17:30 Discussion

Session 5 Workshop: Linguistic Typology and Diversity: Theory, methods, and ethics in sign language typology

(Location: RLP 1.302B)

Convenors and chairs: Erin Wilkinson and Lynn Hou

9:00-9:30 Roland **Pfau** (University of Amsterdam)
Negative concord: A cross-modal Perspective

9:30-10:00 Christian **Rathmann** (Humboldt-Universität zu Berlin), Ronice Müller de **Quadros** (Universidade Federal de Santa Catarina) and Jair Barbosa **da Silva** (Universidade Federal de Alagoas)
Data collection in Sign Languages: Ethical aspects for comparative/typological studies – Lessons from Brazil **[VIRTUAL]**

10:00-10:30 Discussion and mini poster session
Poster: Kurt **Gagne** (Gallaudet University), Danilo Alberto **Morales Blanco** (Equipo Sordo) and Ivonne Lorena **Morales Ruíz** (Centro de Education Especial Melania Morales)
Juntos: A researcher-community partnership to study sign language in Nicaragua

10:30-11:00 Coffee Break

11:00-11:30 Tamara **Grosso** (University at Buffalo)
I don't get the point: Methodological issues with secondary data collection in Signed Language typology

11:30-12:00 Raquel **Veiga Busto** (University of Amsterdam)
Paucal pronouns in Catalan Sign Language: a typological rarity?

12:00-12:30 Felicia **Bisnath** (University of Michigan, Ann Arbor)**,** Marah **Jaraisy** (University of Birmingham), Hannah **Lutzenberger** (University of Birmingham), Rehana **Omardeen** (University of Gottingen) and Adam **Schembri** (University of Birmingham),
Deconstructing notions of morphological 'complexity': lessons from signed and spoken

12:30-14:00 Lunch & Virtual Poster Session

14:00-14:30 Gustavo **Godoy** (UT Austin)
Lexicalization of time in signed languages and co-speech gestures

14:30-15:00 Diane **Brentari** (University of Chicago), Marie **Coppola** (University of Connecticut), Ann **Senghas** (Barnard College, Columbia University) and Rabia **Ergin** (Boğaziçi University)
Becoming more nuanced in describing sign language communities

15:00-15:30 Marie **Coppola** (University of Connecticut), Molly **Flaherty** (Davidson College), Deanna **Gagne** (Gallaudet University), Kurt **Gagne** (Gallaudet University), Annemarie **Kocab** (Harvard University), Amber **Martin** (Hunter College), Ivonne Lorena **Morales Ruíz** (Centro de Educación Especial Melania Morales), Danilo Alberto **Morales Blanco** (Equipo Sordo), Jennie **Pyers** (Wellesley College) and Ann **Senghas** (Barnard College)
Convergence and emergence: How Nicaraguan signing has been shaped by communication, contact, and acquisition

15:30-16:00 Coffee Break

16:00-16:30 Daniel **Ross** (UC Riverside) and Ashley **Baer** (Tahquitz High School)
Searching for serial verbs in documentation of signed languages **[VIRTUAL]**

16:30-17:00 Keiko **Sagara** (National Museum of Ethnology) and Nick **Palfreyman** (University of Central Lancashire)
Insights from sign language typology: Methodologies in cross-linguistic research on semantic fields

17:00-17:30 Discussion

17:30-18:15 Business Meeting (Location: RLP 0.126)

19:00 Social Dinner (Restaurant: The Clay Pit)

Saturday, December 17

14:00-15:00 Plenary: Christian **Döhler** – Winner of the Georg von der Gabelentz Award (Leibniz-Zentrum Allgemeine Sprachwissenschaft - ZAS)
Every Language Matters: The Types of Knowledge That Come From Individual Descriptions
[VIRTUAL] (Location: RLP 0.126)

Session 1 (Location: RLP 1.302E)

Chair: James Tandy

9:00-9:30 Wen **Lu** and Hongdi **Ding** (The Hong Kong Polytechnic University)
Grammaticalization of 'give' in Hui varieties of Chinese: A typological and areal perspective
[VIRTUAL]

9:30-10:00 Lidia Federica **Mazzitelli** (Universität zu Köln/Australian National University)
Austronesian aspectual markers with focus-marking functions **[VIRTUAL]**

10:00-10:30 Tim **Zingler** (University of Innsbruck)
On the distribution of rare affix types: A comparison of infixes and circumfixes **[VIRTUAL]**

10:30-11:00 Coffee Break

Chair: John Beavers

11:00-11:30 Sören Eggert **Tebay** (Leipzig University)
Diverse, derived, divergent: A typology of morpheme-structure-constraints **[VIRTUAL]**

11:30-12:00 Robert **Marcelo Sevilla** (University of Hong Kong)
Phonological patterns in Xiang hesitation markers: New forms of typological evidence in Sinitic? **[VIRTUAL]**

12:00-12:30 Sonja **Dahlgren** (Free University of Bozen-Bolzano), Pertti **Palo** (Indiana University Bloomington) and Minnaleena **Toivola** (University of Helsinki)
Investigating language-specific coarticulatory patterns: A comparative ultrasound study of Finnish and English **[VIRTUAL]**

12:30-14:00 Lunch

14:00-15:00 **Plenary:** Christian **Döhler** – Winner of the Georg von der Gabelentz Award (Leibniz-Zentrum Allgemeine Sprachwissenschaft - ZAS)
Every Language Matters: The Types of Knowledge That Come From Individual Descriptions **[VIRTUAL]**

Chair: John Beavers

15:00-15:30 Ruihua **Yin** (The University of Queensland)
Empirical tests of phonological theory in a large typological corpus: The case of sonority sequencing **[VIRTUAL]**

15:30-16:00 Coffee Break

Chair: Susan Kung

16:00-16:30 April **Grotberg** (Purdue University)
Similar place avoidance: Phenomenon in need of a typology **[VIRTUAL]**

16:30-17:00 Natalia **Kuznetsova** (Università Cattolica del Sacro Cuore / Institute for Linguistic Studies RAS)
Typology of alignment between laryngeal features and ternary length

Session 2 (Location: RLP 0.126)

Chair: Tony Woodbury

9:00-9:30 Nina Hagen **Kaldhol** (UC San Diego)
A typology of tonal exponence

9:30-10:00 Sandra **Auderset** (MPI for Evolutionary Anthropology; UC Santa Barbara) and Eric W. **Campbell** (UC Santa Barbara)
Tone correspondences and variables in Mixtec - an AUTOTYP approach

10:00-10:30 Kirsten **Culhane** (Albert-Ludwigs-Universität Freiburg)

The phonological patterning of vocalic phenomena: a preliminary typological study

10:30-11:00 Coffee Break

Chair: Kirsten Culhane

11:00-11:30 Simone **Mattiola** (University of Bologna) and Chiara **Zanchi** (University of Pavia)
On the diachrony of pluractional constructions: a first typological survey

11:30-12:00 Stephen **Watters** and Juha **Yliniemi** (SIL Intl.)
Iconicity of modified reduplication

12:00-12:30 Matthew **Baerman** (Surrey Morphology Group) and Irina **Monich** (Princeton University)
Less is more: Metric truncation in morphology

12:30-14:00 Lunch

14:00-15:00 **Plenary:** Christian **Döhler** – Winner of the Georg von der Gabelentz Award (Leibniz-Zentrum Allgemeine Sprachwissenschaft - ZAS)
Every Language Matters: The Types of Knowledge That Come From Individual Descriptions
[VIRTUAL]

Chair: Tom Bossuyt

15:00-15:30 Laura **Becker** (University of Freiburg)
A typological overview of zero marking in verbal inflection morphology

15:30-16:00 Coffee Break

16:00-16:30 Rodolfo **Basile** (University of Tartu)
Proposing situative as a comparative concept

Session 3 (Location: RLP 0.102)

Chair: Françoise Rose

9:00-9:30 Omri **Amiraz** and Eitan **Grossman** (The Hebrew University of Jerusalem)
Why new future markers are often banned from negative contexts **[VIRTUAL]**

9:30-10:00 Matti **Miestamo**, Olli **Silvennoinen**, and Chingduang **Yurayong** (University of Helsinki)
Typology and discourse: The case of the asymmetry between affirmation and negation

10:00-10:30 Jesus **Olguin Martinez** (UC Santa Barbara) and Manuel **Peregrina Llanes** (Universidad de Sonora)
Negative concomitance in cross-linguistic perspective

10:30-11:00 Coffee Break

Chair: Bill Foley

11:00-11:30 Ljuba **Veselinova** (Stockholm University) and Anastasia **Panova** (Stockholm University)
The continuative cycle

11:30-12:00 Bastian **Persohn** (FSU Jena)
When 'still' means 'not yet'

12:00-12:30 Polina **Pleshak** (University of Maryland)
Dependent-marking possessive construction in Kaqchikel

12:30-14:00 Lunch

14:00-15:00 **Plenary:** Christian **Döhler** – Winner of the Georg von der Gabelentz Award (Leibniz-Zentrum Allgemeine Sprachwissenschaft - ZAS)
Every Language Matters: The Types of Knowledge That Come From Individual Descriptions
[VIRTUAL]

Chair: Bill Palmer

15:00-15:30 Olena **Shcherbakova** (MPI for the Science of Human History), Susanne Maria **Michaelis** (MPI for Evolutionary Anthropology), Hannah **Haynie** (University of Colorado Boulder), Simon **Greenhill** (MPI for the Science of Human History; Australian National University), Damian **Blasi** (Harvard University; MPI for Evolutionary Anthropology; HSE; Yale University), Russell **Gray** (MPI for Evolutionary Anthropology; University of Auckland), Volker **Gast** (University of Jena) and Hedvig **Skirgård** (MPI for Evolutionary Anthropology)
Grammatical complexity is only weakly influenced by the sociolinguistic environment

15:30-16:00 Coffee Break

16:00-16:30 Nadine **Grimm,** Maya **Abtahian**, Becky **Everson**, Constanza **Aceves Rodriguez**, Jamie **Davis** and Scott **Kirshner** (University of Rochester)
Towards a typology of sociolinguistic variation

16:30-17:00 Daniela **Casartelli** (University of Helsinki)
Towards a typology of extended meanings of reported speech

Session 4 (Location: RLP 0.112)

Chair: Pattie Epps

9:00-9:30 Jose Antonio **Jódar-Sánchez** (University at Buffalo), Jayden **Macklin-Cordes** (University of Newcastle) and Marc **Allassonnière-Tang** (CNRS)
The evolutionary dynamics of grammatical gender in Torricelli languages

9:30-10:00 Sonia **Cristofaro** (Sorbonne Université)
Diachronic pathways to constructional harmonies and what they mean for typological universals

10:00-10:30 Stephen **Watters** and Juha **Yliniemi** (SIL Intl.)
Incipient switch reference in Tibeto-Burman languages

10:30-11:00 Coffee Break

Chair: Zach O'Hagan

11:00-11:30 Estefanía **Baranger** (Universidad de Buenos Aires/CONICET) and Martín **Califa** (Universidad Nacional de Hurlingham/CONICET)
Lexical semantics and syntactic change shaping the lexicon in Tupi-Guarani languages

11:30-12:00 Simeon **Floyd** (Universidad San Francisco de Quito), Martine **Bruil** (Leiden University) and Elisabeth **Norcliffe** (University of Oxford)
The diachronic typology of Barbacoan classifiers

12:00-12:30 Chris Lasse **Däbritz** (University of Hamburg)
"Existential takeover" in locative predication in Northern Siberian languages: Typological implications

12:30-14:00 Lunch

14:00-15:00 **Plenary:** Christian **Döhler** – Winner of the Georg von der Gabelentz Award (Leibniz-Zentrum Allgemeine Sprachwissenschaft - ZAS)
Every Language Matters: The Types of Knowledge That Come From Individual Descriptions
[VIRTUAL]

Chair: Denys Teptiuk

15:00-15:30 Jaime **Perez Gonzalez** (UC Santa Barbara)
Progressive to imperfective in Mocho' (Mayan)

15:30-16:00 Coffee Break

16:00-16:30 Anna **Bugaeva** (Tokyo University of Science/NINJAL) and Tatiana **Nikitina** (CNRS)
The emergent logophors in Ainu: A challenge for the pure/mixed typology

16:30-17:00 Justin **Pinta** (Mississippi State University) and Hugo **Salgado** (The Ohio State University)
Loanword typology: The integration of borrowed verbs in Spanish

Session 5 (Location: RLP 1.302B)

Chair: Pegah Faghiri

9:00-9:30 Annemarie **Verkerk** (Universität des Saarlandes), Luigi **Talamo** (Universität des Saarlandes) and Natalia **Levshina** (MPI for Psycholinguistics)
A phylogenetic model of trade-offs in strategies for determining 'who did what to whom'
[VIRTUAL]

WORKSHOP: Differential Argument Indexing
Convenors and chairs: Pegah Faghiri, Erika Just, Eva van Lier, & Katherine Walker

9:30-10:00 *Introduction*

10:00-10:30 Fernando **Zúñiga** (University of Bern)
Differential and non-differential object indexing in Mapudungun **[VIRTUAL]**

10:30-11:00 Coffee Break

11:00-11:30 Geoffrey **Haig** (Universität Bamberg), Stefan **Schnell** (University of Zurich) and Nils **Schiborr** (Universität Bamberg)
Conditioned pronoun use as precursor of conditioned P indexing **[VIRTUAL]**

11:30-12:00 Pegah **Faghiri** (University of Amsterdam)
Optional subject indexing in Modern Persian

12:00-12:30 Raina **Heaton** (University of Oklahoma)
Competing structures: Discourse correlates of argument indexing in Kaqchikel

12:30-14:00 Lunch

14:00-15:00 **Plenary:** Christian **Döhler** – Winner of the Georg von der Gabelentz Award (Leibniz-Zentrum Allgemeine Sprachwissenschaft - ZAS)
Every Language Matters: The Types of Knowledge That Come From Individual Descriptions
[VIRTUAL]

15:00-15:30 Aarin Tirza **Sirima** and I Wayan **Arka** (Australian National University)

Reciprocity and argument realizations in Mori Atas **[VIRTUAL]**

15:30-16:00 Coffee Break

16:00-17:00 Discussion

17:00-17:30 Closing and Farewell (Location: RLP 0.126)
